DO YOU KNOW?
Kaduna is the capital of Kaduna state with an area covering about 46,553km and a population of about 6,005,562. Kaduna was created as a state on 27th May 1967 and it ranked the 3rd most populous state in Nigeria. The state governor is Mal. Nasir Ahmad El-Rufai.

Kaduna is located in central northern Nigeria. It is the successor to the old Northern Region of Nigeria, which had its capital in Kaduna. It was the former administrative headquarters of the North during the colonial era.

Kaduna State has 23 Local Government Councils and 47 Development Areas. It occupies the entire central position of the Northern part of Nigeria, sharing borders with Zamfara, Katsina, Kano, Bauchi, Plateau, Nassarawa, Niger and Abuja. Major rivers include Kaduna, Wonderful, Kagam and Gurara.

About 60% of the State’s population is engaged in agriculture. The State is known as the Centre of learning due to the presence of the number of institutions of higher learning e.g. Ahmadu Bello University, Kaduna Polytechnic, Nigerian College of Aviation Technology, Nigerian Defence Academy, Command and Staff College, Jaji, Nigerian Institute of Agriculture.

Kaduna State is well linked to other states of the country through the Kano-Kaduna-Abuja dual carriage way, Kaduna-Jos, Kaduna-Lagos, Kaduna-Sokoto and Kaduna-Makurdi roads. The Kaduna Lagos and Kaduna Port Harcourt are the two major railways linking Kaduna with the southern cities of the country.

There is also the newly commissioned Abuja-Kaduna TOURIST SITES:

- Kajuru Castle: This was built in 1578, and has an ancient themed design.
